Income, expenditure and low economic resource households

26 July 2018

Table 2.2 has been revised to include units of persons; and equivalised total household expenditure is used to generate deciles.

Footnotes updated to ensure consistency across all tables.

Low economic resource households

26 July 2018

Minor corrections to private income which include imputed rent (Table 23.3).

19 December 2017

Social Transfers in Kind have been added into Table 23.3. Private income (including imputed rent) now excludes imputed rent for renters from state/territory housing authorities which is included as a Social Transfer in Kind. Average number of dependent children in Table 23.2 now includes dependent students aged 15 to 24 years.
